The Great Jones Spa is located in NoHo, within footsteps of the many restaurants and music clubs on Bleeker Street. Its mission is to create optimal health for its guests by linking beauty and wellness. To that end, the striking downtown [day spa](#) haven features a design that brings nature indoors via stone and brick walls, palm trees and a unique "wet lounge solarium." This large, glass-walled space houses a sauna, steam room, Jacuzzi and cold plunge pool and is made available to all clients for any three hours before or after a spa reservation (walk-ins can use it for \$52.25). The spa offers hair and nail services, Swedish [massages](#) priced at \$140 (60 minutes) and its newest body treatment, a Fiji Coconut Sugar Glow.
