**Great Jones Spa**  
29 Great Jones Street  
New York, NY 10012  
[www.greatjonesspa.com](http://www.greatjonesspa.com)

In a little hidden street down in Lower West Side, there is a three part, three story spa that will have you left speechless. Great Jones spa is linked with a salon and a juice bar. It is the perfect go to place to be pampered and relaxed. Great Jones spa is a spacious environment to get away from the city life. The services at Great Jones Spa is beyond phenomenal with the ultimate pampering, delivering healthy foods directly to you before or after spa treatments.

It is another head to toe spa on our list with the benefits of healthy foods. Great Jones Spa is extremely different in their services, providing a variety to select from. They take spa services to a whole new level. Only available on the weekends, their one of a kind **Platza** body treatment is held inside a sauna! A full body scrub, body massage in a sauna will open pores and cleanse the body.

For a spa in the city, Great Jones Spa is a definite recommendation on our list, offering their Water Lounge facilities free to guests with body treatments. It is the only spa in the city with a **River Rock Sauna** that is perfect for detoxifying the body. After opening up pores in the sauna, take a dip in their ice pool to keep skin locked tight. Water Lounge also includes a **Thermal Hot Tub** and a **Charkra-Light Steam Room** for guests. It is the perfect place to go after a weekend of hard partying to detox!
